

Landscape Waste Disposal Initiative

Dear Yas Acres Owners and Residents,

Greetings from Provis.

At Provis, we are committed to promoting sustainability and maintaining the beauty, cleanliness, harmony for all the community's residents. We would like to inform you about a new initiative aimed at facilitating landscape waste disposal in Yas Acres.

To facilitate proper waste management, we encourage all community residents to take advantage of the landscape waste disposal service. You can conveniently deposit all your garden-generated landscape waste at the dedicated collection skip located at the community Facilities Management building office premises. For the precise location, please **click here**.

For efficient disposal, we kindly request your adherence to the following guidelines:

Use biodegradable litter bags or sacks to pack your garden waste.

Ensure the bags are securely tied, with no excess waste protruding from them.

Dispose only of permissible materials, including grass, flowers, twigs, hedge trimmings, plants, weeds, dry leaves, bush and tree pruning, and unwanted indoor plants.

Please note that the following materials are not allowed for disposal: general household waste, stones, bricks, soil, rubble, plastic, metal, and garden chemicals or pesticides. It is crucial to follow these guidelines to maintain a clean and safe environment.

By participating in this landscape waste disposal initiative, you are contributing to a more sustainable future and helping us maintain the beauty and cleanliness of Yas Acres. Your cooperation is greatly appreciated as we work together to create an environmentally friendly community.

Thank you for your cooperation and commitment to a greener community. Together, we can make a positive impact and create a better living environment for all.

Should you have any questions or inquiries, please do not hesitate to call or send a WhatsApp message to Provis' Customer Care Centre at 600505056 or send an email to: yasacrescm@provis.ae
