

## Pet Management Rules & Regulations

### Dear Yas Acres Owners and Residents,

Greetings from Provis.

If you have a dog at home, we invite you to carefully read the below message.

We would like to inform you that several comments have been received by Yas Acres's Community Management Office in relation to dog owners / carers who are not picking up their dog's waste.

While picking up waste isn't very enjoyable, it is a highly important practice that ensures the protection of your community's environment, public health and properties. Hence, we ask all our residents to be conscious and considerate of others' safety and wellbeing by picking up their dog's waste.

If your pet is being cared for by dog walkers or any of your domestic staff, we kindly ask you to inform them about the pet management rules / pet etiquette.

Please find below a list of rules and points to keep in mind when out with your pet in the community:

Always carry a bag to clean up after the pet.

Any pet excrement must immediately be removed and properly disposed.

Always carry a small bottle of water to spray after the pet urinates.

Dogs should always be on a leash when out in the community.

Please note that the owners association reserves its rights to impose fines on pet owners violating the pet management rules stipulated in the community handbook to cover damages caused to individuals and/or property in addition to all other associated costs.

Finally, we would like to remind you that all pets must be in compliance with local rules related to inoculation, licensing and leashing.

Should you have any questions or inquiries, please do not hesitate to call or send a WhatsApp message to Provis' Customer Care Centre at 600-505056 or send an email to: [yasacrescm@provis.ae](mailto:yasacrescm@provis.ae)
